

# Alignment Editor Components

Here is the default layout of the editor:

The *Alignment Editor* components:

For example, let's assume that the coordinate of the first visible base of the row is  $N$ , but the row contains  $K$  gaps before the position  $N$ . The starting offset value will be  $N-K$ . The same rule is true for the ending offset.

You can turn off the *Sequence offsets* by unchecking the *Actions View Show offsets* main menu item or *View Show offsets* context menu item.
