Exporting Workflow as Image

Workflow workflow can be exported as:

- Raster image (*.png, *.bmp, *.jpg, *.jpeg, *.ppm, *.xbm, *.xpm)
- Vector image (*.svg)
- Portable document (*.pdf, *.ps)

To export a workflow select the *Actions Export workflow as image* item in the main menu or use the Ctrl+Shift+S keyboard shortcut. *Export Image* dialog will appear. Enter a file name and choose the file type.
