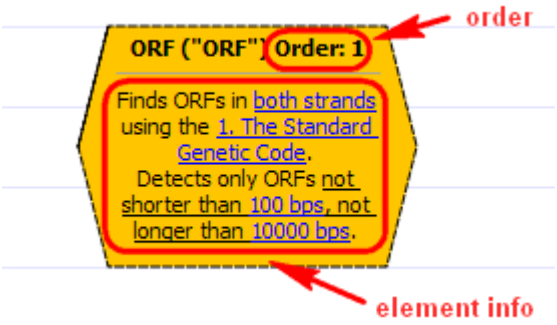
Changing Algorithm Element Appearance

You can select to either show or hide an *algorithm element* **info** and **order** on the *Scene* by checking / unchecking the *Show element info* and *Show order* i tems in the *View Mode* menu (to open the menu select either *View Mode* toolbar button or select *Actions* *View Mode*).

On the image below you can see an ORF element when the both items are checked:



See also the *Setting Order of Algorithms Execution* section.
