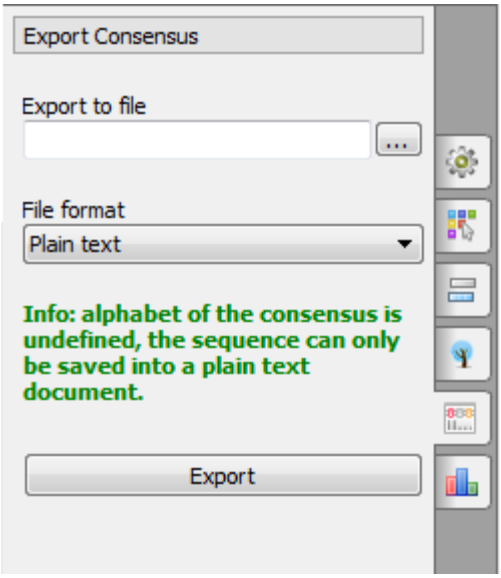
Export Consensus

To export a consensus sequence use the *Export consensus* tab of the *Options Panel*:



The following parameters are available:

Export to file - the output file path.

File format - format of the output file. The possible values depend on the mode, selected for the consensus calculation. For *Default* and *ClustalW* modes the *Plain text* value is only available. For *Levitsky*, *Simple extended* and *Strict* consensus modes sequence formats FASTA and GenBank are also available.

Click on the *Export* button to export the consensus sequence to the specified output file.
