

Saving Schema

To save a *schema* from the *Query Designer* select the *Actions Save Schema* item in the main menu or the *Save Schema* toolbar button.

When you save a schema for the first time the *Save Schema* dialog appears where you should input a name and browse for a location of the schema file. The schema is saved to a file with the *.uql extension.

To save a schema to a different file select the *Save Schema As* item on the toolbar or in the *Actions* main menu.
